

MOHAVE VALLEY IRRIGATION & DRAINAGE DISTRICT

1460 East Commercial Street

Mohave Valley, Arizona 86440

Phone: (928) 768-3325 • Fax: (928) 768-5239

Email: office@mvidd.net • Website: MVIDD.net

To All New Well Owners:

RE: ADWR Well Registration No.: 55-XXXXXX

Dear Well Owners:

The Arizona Department of Water Resources ("ADWR") has advised the Mohave Valley Irrigation & Drainage District ("MVIDD" or "the District") of your intent to drill a well.

MVIDD Resolution No. 93-02, adopted by the District on March 2, 1993 (a copy of which is attached), requires that persons intending to drill, replace or deepen a well within the District must first receive permission from the District to do so. Therefore, please provide to the District a written request to drill a well on the property. Your request should establish the purpose of the well, *i.e.*, whether the well is to be used for domestic purposes or if the well is to be used for some other activity, such as agriculture.

MVIDD Resolution No. 2009-10, adopted by the District on July 7, 2009 (a copy of which is attached), requires that all approved wells shall be registered with the District. Resolution 2009-10 provides that the well owner shall provide pertinent information with regard to the well including, but not limited to, the depth of the well, the size of the casing, the pump capacity and horsepower. To that end, please find attached, a *Lower Colorado River Well Inventory* form for your completion and return to this office.

Should you have any questions with regard to the contents of this letter, please contact either the District office at (928) 768-3325.

**MOHAVE VALLEY IRRIGATION
& DRAINAGE DISTRICT**

Mark R. Clark, CCM
Manager

MOHAVE VALLEY, ARIZONA

RESOLUTION NO. 93-02

A RESOLUTION BY THE BOARD OF DIRECTORS OF THE
MOHAVE VALLEY IRRIGATION & DRAINAGE DISTRICT;
TO REQUIRE THEIR PERMISSION TO DRILL WELLS
WITHIN THE DISTRICT.

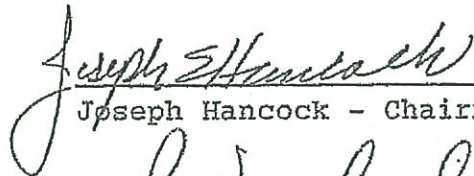

WHEREAS, the State of Arizona had passed A.R.S. § 45-596
requires proof that the person who files a "Notice of Intent
to Drill" with the Arizona Department of Water Resources
(ADWR) has the legal right to use Colorado River Water and

WHEREAS, ADWR is not enforcing A.R.S. § 45-596 the Mohave
Valley Irrigation & Drainage District do require that a person
intending to drill, replace or deepen a well within the District
first receive permission from the District.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors
of the Mohave Valley Irrigation & Drainage District do require
permission for a person to Drill a well within the District
before ADWR may issue a permit to Drill.

PASSED AND ADOPTED by the Board of Directors of the Mohave Valley
Irrigation & Drainage District, Mohave Valley, Arizona, on
March 2, 1993

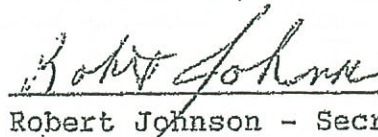

APPROVED:

Joseph Hancock - Chairman

John Vandersilce - Member

Robert Johnson - Secretary

**Mohave Valley Irrigation & Drainage District
RESOLUTION NO. 2009-10**

A RESOLUTION ADOPTING A WELL REGISTRATION POLICY

WHEREAS, the Mohave Valley Irrigation & Drainage District (the "District") is a special taxing district created under Title 48, Arizona Revised Statutes;

WHEREAS, the District is a party to that certain contract with the United States Department of the Interior Bureau of Reclamation – Boulder Canyon Project for delivery of water (No. 14-06-W-204) entered into on November 14, 1968 ("BOR Contract");

WHEREAS, the stated purpose of the BOR Contract is to provide water for irrigation and domestic use by and within the District;

WHEREAS, the District manages the water allocation for the benefit of all lands within the District;

WHEREAS, water in the arid southwest is a finite resource subject to increasing consumptive demands; and

WHEREAS, the District wishes to establish a well registry to increase the accuracy of its records in monitoring its water allocations;

NOW THEREFORE BE IT RESOLVED:

1. The District will record a Notice of Requirement to Register Well located within the District's boundaries. The Notice shall disclose the need for all wells within the District to be registered and the contact information of the District.
2. The District will publish once a year a notice in the Mohave Valley Daily News or other newspaper of general circulation in the Mohave Valley area advising well owners to register with the District any wells which are not currently registered.
3. A well registrant shall identify the land upon which the well is located, identify the parcels of land serviced by the well, provide evidence of ownership of the parcel and copies of ADWR permits or other approvals of the well. A well owner shall provide such other additional information about the well as may be required by the

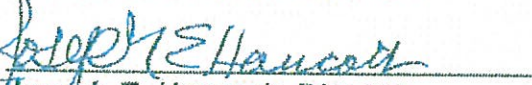

District including, but not limited to, the depth of the well, size of casing, capacity of the pump, and horsepower of the pump.

4. The District shall establish a registry of wells. The well registry shall be established by township, range and section. Each well shall be assigned a number and entered in the registry. The well registry shall also set forth the name of the current owner of the land. The District shall also maintain a well registry map which reflects the location of each well by its well registry number.
5. Fees will be assessed well registrants whose property is not located within a subdivision, has no allocation or set-aside or which requires an increased allocation to support current use in accordance with the current fee schedule of the District.

Passed, approved and adopted this 7th day of JULY, 2009, by the following vote:

Directors voting IN FAVOR thereof:

Charles B. Sherrill, Chairman

Joseph E. Hancock, Director

Charles B. Hoover, Director

John "Clay" Vanderslice, Director

Perry Muscelli, Director

Directors voting AGAINST thereof:

Charles B. Sherrill, Chairman

Joseph E. Hancock, Director

Charles B. Hoover, Director

John "Clay" Vanderslice, Director

Perry Muscelli, Director

Paperwork Reduction Act Notice

The Colorado River Basin Project Act and the Boulder Canyon Project Act authorize collection of this information. The primary use of this information is to determine the contractual status and consumptive use of Colorado River water from wells. Records of volume of water being pumped, consumptive uses, and point of diversion will be disclosed to interested parties upon written request. Public reporting burden for this form is estimated to average 20 minutes per response, including time for reviewing instructions, gathering and maintaining data, and completing and reviewing the form. Furnishing the information on this form is voluntary. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number.

Privacy Act Statement

Information contained on this form is protected by the Privacy Act of 1974 and will be maintained in INTERIOR/WBR-48 system of records.
