Action Taken as a result of public comments will be limited to responding to criticism, referral to staff, or placing a matter on a future Agenda. Comments are restricted to items **NOT** on the Regular Agenda and must relate to matters within the jurisdiction of the Board.* Mike Medici, with Marina Coves, addressed the board of directors inquiring about when there may be another Amenity Water User meeting. Chip Sherrill, Jr., advised that at this time there is nothing scheduled since we do not have any information from Reclamation on what our water curtailment may be. There was discussion back and forth regarding the water concerns for the Amenity Users and trying to conserve water that they cannot bank for future uses. Mr. Pearce stated that if the water is not used, the District does not get the benefit of the unused water, it comes back to the benefit of the system. Mr. Pearce suggested that if the water user uses less than the contracted amount of water, then we could possibly amend the contract for a lesser amount. Staff suggested that during April-June budget review the board has the ability to change the payment rules to only pay for the amount used, but that is at the discretion of the board. There were a couple of other comments by Amenity users regarding effluent water and the EPCOR Sewer Plant.
